Casa indipendente a Cerrina

15020 Cerrina Monferrato

In Valle Cerrina, a few steps from the center, it offers for sale a detached house with a garden and an attached garage. The large house is on two levels, on the ground floor there is a single room with a height for a garage also for trucks, while on the first floor there are two residential units, connected but with independent entrances; the first housing unit consists of entrance, living room, kitchen, bathroom and bedroom; while the second housing unit consists of entrance to living room, sitting room, two bedrooms, bathroom and large terrace surrounding the house. The property, both for its layout and for its size, lends itself optimally to a family residence solution, with an adjoining laboratory or workshop. Interesting and negotiable request.
