

Monferrat Casalese / Casalese and surroundings

Cascinale "La Bianzina"

15020 Casale Monferrato

In the middle of the vineyards, in the heart of the Monferrato Casalese, we find this typical Piedmontese farmhouse, to be restored, independent, in total privacy, with an adjoining garden of about 3800 meters. The property, located on a hill, enjoys an excellent exposure and a beautiful panoramic view, while remaining convenient to the city of Casale Monferrato and therefore to services. The farmhouse is on three levels, as well as a cellar, a former stable and arcades once used as a barn; the structure, in tuff and brick, retains typical characteristics of the area, such as cement or terracotta floors, ceilings with terracotta tiles, but which through a skilful recovery can be restored to its splendor and create unique environments. The property includes a surrounding garden of about 3800 meters, on which it is possible to build a swimming pool. The farmhouse lends itself optimally to a solution as a family residence, or as a tourist accommodation. Interesting request € 110,000.00
